OVERVIEW

PhD Candidate (Cryptography), Computer Science, University of Florida.
Dissertation Topic: Provable-Security Treatment Of Circuit-Design Intellectual-Property Theft In Integrated-Circuit Supply Chain
Expected graduation date: Dec 2022

APPOINTMENTS

Teaching Associate   2013-2015
KIIT University, Bhubaneswar, India

- Taught undergraduate students Programming in C, Computer Security

Engineer   2011-2013
Samsung Research & Development Institute, NOIDA, India

- Worked for Systems team (FM driver) on feature phones with ARM based SoC ranging from 2G to 3G. Work involved code optimization, bug fixing and code stabilization through analysis of RAM dumps

EDUCATION

PhD Computer Science   2017-Present
University of Florida

- GPA: 3.8/4.0

- Courses: Computer and Information Security, Automated Hardware and Software Verification, Applied Machine Learning

MS Computer Science   2015-2017
University of Florida

- GPA: 3.8/4.0

- Courses : Computer Network Security, Penetration Testing, Introduction to Modern Cryptography, Analysis of Algorithms, Network Algorithms and Data Structures,Advanced Data Structures, Programming Language Principles, Computer Architecture, Automated Software and Hardware verification, Mathematics for Intelligent Systems

BTech Computer Science   2007-2011
NIT Rourkela, India

PUBLICATIONS

2. W. Garcia, A. Chhotaray, J. Choi, S. K. Adari, K. Butler, S. Jha, "Brittle Features of Device Authentication", *ACM CODASPY* , (2021).

1. A. Chhotaray, A. Nahiyan, T. Shrimpton, D. Forte, M. Tehranipoor, "Standardizing Bad Cryptographic Practice - A teardown of the P1735 IEEE standard for protecting electronic-design intellectual property", *ACM CCS* , (2017). **7 Common Vulnerabilities and Exposures (CVE) entries in the Vulnerability Notes Database. Featured in The Register, threatpost, and other cybersecurity news publications**

TEACHING

@ KIIT University, School of Computer Engineering:

- 2013-2015: **Programming in C, Computer Security**

SERVICE

- External reviewer @NDSS'20

- Sub-reviewer @CRYPTO'20, @WiSec'20
